#### 1. Background

a. Service members in the Navy counselor (NC) (counselor) rating manage the Navy Enlisted Retention and Career Development Program for commands per reference (a). NCs are the commands' principal advisors on policies and regulations related to Navy career planning. The NC rating relies on conversion from other ratings to achieve and maintain required manning levels. Their duties include, but are not limited to:

(1) Evaluating enlisted career development programs at their parent command and subordinate activities;

(2) Coordinating interviews and counseling sessions;

(3) Providing primary technical assistance, guidance, and training to the command career development team;

(4) Maintaining awareness of revisions and initiatives in career development programs through access to Navy directives, reference materials, experience, and regional training;

(5) Counseling individuals and providing presentations to Service members and their family members on the associated benefits and initiatives regarding career development programs and retention;

(6) Establishing and maintaining an aggressive enlisted command career development and retention program; and

(7) Training command leaders and career development teams on all enlisted career development programs and policies.

b. The Command Career Counselor (CCC) Program provides for assignment of personnel in ratings other than NC (counselor) to perform full-time CCC duties. Requirements and qualifications are contained in [MILPERSMAN 1306-905](#).

2. **Policy**. Due to the distinct purpose and unique nature of duties involved in the NC (counselor) rating, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria, procedures, and policy pertaining to conversion to the NC (counselor) rating.

a. Conversions are open to the following individuals:

(1) Sailors in the pay grade of E-6 serving in the Active Component (AC), Training and Administration of the Reserve (TAR), or Selected Reserve (SELRES). Applicants must have completed 5 to 16 years of active naval service.

(2) Sailors in the pay grade of E-5 serving in the AC, TAR, or SELRES. Applicant must be time-in-rate eligible for petty officer first class at time of application.

b. The following conditions (if applicable) must be met:

(1) Applicants must be within 18 months of completing the minimum time on station or Department of Defense (DoD) area tour (as appropriate);

(2) Applicants must be within 18 months of projected rotation date;

(3) Active duty (AD) applicants desiring to convert to TAR must be within 15 months of expiration of active obligated service;

(4) Service members on an enlistment or extension of enlistment for which a selective reenlistment bonus was paid must contact the MyNavy Career Center (MNCC) Human Resources Service Center (HRSC) for eligibility determination and or to determine if any recoupment of monetary allowance is required;

(5) Service members must have or be able to incur a minimum of 36 months obligated service from date of conversion to NC (counselor) rating without exceeding high-year tenure gates per [MILPERSMAN 1160-120](#); and

(6) Service members approved for conversion via attending the CCC Course (A-501-0011) are not eligible for the NC petty officer first class or NC chief petty officer Navy-wide advancement exam until successful completion.

c. Per reference (b), applicants approved for conversion to NC (counselor) who are subsequently selected for the pay grade of E-7 in their current rating prior to actual change of rating must submit a written request to the Bureau of Naval Personnel (BUPERS) Enlisted Community Management Administration Enablers Branch (BUPERS-312-ADM) or Reserve Community Management Enlisted Branch (BUPERS-3152) to have the conversion reconsidered in the pay grade of E-7.

Ensure that no PII is entered in the subject line as this is an unencrypted field. When forwarding or responding to e-mail containing CUI, be sure to carry forward all applicable markings to the new e-mail. If unable to send an encrypted e-mail, utilize the DoD Secure Access File Exchange (SAFE) to securely send and receive files.

5. **Selection Process.** BUPERS-312-ADM or BUPERS-3152 will receive and screen conversion applications for completion and proper documentation. Complete applications will be forwarded to the losing and gaining rating ECMs for final determination.

6. **Selectees**

a. Service members will be converted to NC upon successful completion of the CCC Course (A-501-0011) or direct conversion, if they completed the CCC Course within the past 36 months at time of selection and currently hold Navy enlisted classification 806R.

c. SELRES converted to NC TAR will be recalled to AD if approved for conversion; and

**Note:** SELRES desiring conversion to NC rating (counselor) must be endorsed by the component for which they are applying. AD applications must be endorsed by an AD force or fleet counselor. TAR applications must be endorsed by the Navy Reserve Force CC.

d. Personnel selected for conversion must maintain all eligibility requirements outlined within this article.

7. **Forced Conversions**. For forced conversions out of the NC (counselor) rating, refer to [MILPERSMAN 1440-011](#).

8. **No Fault Reversion**

a. No fault reversion is intended for NCs who are experiencing some limiting deficiencies that were not apparent at the time of request for conversion to NC (counselor). Reversion is not considered a derogatory action and should not be interpreted unfavorably in any subsequent detailing or board action.

b. Requests for rating reversion of personnel deemed unsuitable for continued service in the NC (counselor) rating will be sent to BUPERS-312-ADM or BUPERS-3152 and TYCOM force CC or Reserve force CC via the CO in the applicant's administrative chain of command. Such requests must include a detailed description of the circumstances or reasons why the Service member is no longer eligible to perform the duties of an NC (counselor) and be adequately and factually supported by enclosures (e.g., evaluations, counseling sheets, witness statements, documentary evidence).

9. **Disciplinary Actions**

a. In the event that a CO loses confidence in a Service member's ability to perform NC duties due to incidents significantly impacting his or her credibility and integrity, forced conversion should be considered per [MILPERSMAN 1440-011](#).

b. Service members receiving formal disciplinary action for minor infractions (e.g., NJP or civilian court) will not normally be considered for forced conversion out of the NC (counselor) rating on the first offense. The command must enroll these members in a formal probationary period for up to a year and provide appropriate counseling and training in collaboration with the applicable fleet or force NC (counselor). Personnel placed on formal probation will receive a temporary [NAVPERS 1070/613](#) Administrative Remarks that states "(Service member's name) is hereby enrolled in a probationary period for \_\_\_\_\_ months (not to exceed 1 year) for the following infraction(s): (enter infraction(s)). Counseling and a training plan will be provided with the applicable fleet or force counselor. In the event that you receive additional formal disciplinary action during your probation period or do not complete your monthly training plan established by your force or fleet counselor, you may be subject to forced conversion per [MILPERSMAN 1440-011](#)."

10. **Detachment for Cause**. For administrative removal from an assignment for substandard behavior or substandard performance of duty, comply with [MILPERSMAN 1616-010](#).

11. **Waivers**. Eligibility criteria set forth in this article are necessary to ensure manning and command stability for those competing from various ratings for all conversion requests.

a. Waivers will be considered by the NC rating ECM via the respective echelon 2 counselor on a case-by-case basis.

b. If required, the Service member and endorser must state the requirement for a waiver and cite justification.
